

LEVEL 5

Programs that have the following criteria in place have achieved Level 5:

- Formal written policy describing tobacco use practices for staff and persons served.
- Tobacco use is included in welcoming statement and onsite signage and resources available for persons served.
- The program has tobacco-free entryways (minimum of 20 ft.).
- The program has clearly identified designated tobacco use area(s), if applicable.
- Persons served are assessed regularly for tobacco use.
- **Tobacco cessation is included in treatment goals as directed by persons served (services may be provided off-site).**
